Tile Artisans
DIGITAL IMAGING, LLC

Introduction

History of Tile Artisans Digital Imaging, LLC

Tile Artisans was founded in 1991.

We began as fabricators of custom-made silk screen images on ceramic tile.

In 2004, Tile Artisans expanded in affiliation with an advanced technological Italian company and added state of the art digital photographic image transfer technology to facilitate the fabrication of high quality memorial portraits in porcelain and steel as well as image transfer technology to fabricate small and large tile murals.

For more than a decade, Tile Artisans has shipped tens of thousands of memorial portraits and tens of thousands of square feet of murals throughout North America.

Our Commitment

To provide permanent memorial portraits, plaques and murals made of the highest quality materials and workmanship and to provide our customers with the very best service.

Unsurpassed Quality

Our proprietary technology combined with the use of ceramic color pigments guarantees the highest standards of color, visual reproduction, quality of imagery, clarity, and durability.

All portraits, plaques, and murals are fired at 1,650 °F to ensure resistance to UV rays, scratching, extreme outdoor climates, and harsh cleaning chemicals.

Warranty

Our memorial portraits are unconditionally warranted for the life of the monuments upon which they are installed and shall be replaced free of charge in the event of fading, vandalism, breakage, or any defect whatsoever. Our memorial plaques, flat markers, granite urns, murals, and glass mosaics have a lifetime warranty against fading and a five year limited warranty against component failure. See product specifications for more details.

Memorial Portraits

To Last a Lifetime & Beyond

Full Color

Memorial portraits (cameos) memorialize a loved one forever. We can transfer any image or lettering on to a portrait. Memorial portraits are a beautiful addition to any monument, flat marker, urn, or bench.

Memorial portraits are available in many different sizes and shapes in both porcelain and flat steel. 3M tape may be applied to any portrait for easy installation. Steel pins are available for oval flat steel portraits.

If 3M tape or pins are required, please specify when placing your order.

We offer free background replacements on all memorial portraits.

Please refer to our price list for a complete list of available shapes and sizes.

Please refer to our Backgrounds & Designs catalog for background selections.

Memorial Plaques

*Commemorate a Loved One...
With a Personal Touch*

Memorial plaques allow families to create a personalized one-of-a-kind memorial of their loved one.

Memorial plaques can be custom sized from 3" x 6" to 12" x 16 $\frac{3}{4}$ ". Memorial plaques are made of 5/16" & 3/8" thick kiln-fired porcelain tile to withstand harsh climates, scratching, and fading. They can be recessed in flat or beveled granite markers, monuments, granite benches, and granite urns. They may be used in conjunction with a bronze frame for use in mausoleums and columbaria (see pages 12 & 13).

Memorial plaques can be customized as a coordinated set of plaques.

Any design can be custom fit to any size; three examples shown above. Choose from over 60 layouts in our Backgrounds & Designs Catalog.

Flat Grass Markers

An Everlasting, Personalized Tribute to a Loved One

Our flat markers offer many personalized options to choose from. Please consult with our *Backgrounds & Designs Catalog* featuring over 60 different artwork design layouts.

The decorated panels are securely recessed into the granite marker and are guaranteed to withstand the abuse and weight of lawn mowers.
